PROFESSIONAL SUMMARY

Full stack software engineer with 2.5+ years of professional experience in web development using JavaScript and Python. Proven track record in designing, developing, and deploying user-facing web applications with optimized performance, security measures, and scalable architecture. Passionate about creating accessible digital experiences through test-driven development. Seeking a challenging role to enhance and advance my engineering skills.

PROFESSIONAL EXPERIENCE

INDETECHS SOFTWARE LTD · Dhaka, Bangladesh

Jan 2022 - Present

Software Engineer

- Developed frontend of a product application with Next.JS, TailwindCSS, Shadcn, React-Redux.
- Developed and scaled a marketplace MVP (Minimum Viable Product) using Odoo, OWL, Gun.JS (distributed storage), CI-CD (using Docker, GitHub Actions, and Kubernetes).
- Developed and maintained frontend of an LCA (Life Cycle Assessment) tool using OWL.
- Collaborated with cross-functional teams to gather requirements and deliver software solutions aligned with business objectives.
- Implemented best practices and coding standards, improving code quality and scalability.

PROJECTS

Find-Z - [Github](#)

An opensource platform for learners to find and compare online courses from multiple e-learning sites. I actively maintained and led a community of developers in the continued enhancement.

Hackverse - [Github](#) - [Website](#)

An opensource hackathon platform where users can organize and participate in coding competition. Used technology stack React.js, Django, PostgreSQL. I have contributed to this project.

Smart EMS

A web platform where the company or organizations can create their profile. Using the profile events (workshops, webinars, seminars) can be created and scheduled with the details. I have used Next.Js along with MongoDB.

Railway e-Ticketing

It's an online ticket booking platform for Bangladesh Railway. I have used Django, MySQL and Bootstrap to build this clone application.

SKILLS

Tehcnical JavaScript | TypeScript | React.JS | Redux-toolkit | Next.JS | TailwindCSS | Node.JS | Express.JS
| Python | Django | ORM | MySQL | MongoDB | REST APIs | Git | Playwright | Docker | CI/CD |
Test-Driven Development (TDD) | Agile Methodologies

Soft Skills Leadership | Communication | Team Work | Organization | Creativity

EDUCATION & ACHIEVEMENTS

Bachelor of Computer Science & Engineering

Daffodil International University (Jan 2019 - Dec 2022)

Virtual Judge

DIU Intra University Hackathon (2021)

Regional Winner

National High School Programming Contest (Senior Category) (2017)
